

Amarjeet Raj

MERN Stack Developer

Chandigarh University

Email:
amarjeet06042005@gmail.com

Phone: +91-6206672940

Kharar, India

Profiles: [LinkedIn](#) | [GitHub](#)

Technical Skills

Languages: JavaScript (ES6+),
Java, C++, HTML5, CSS3

Frontend Technologies: React.js,
Bootstrap

Backend Technologies: Node.js,
Express.js, RESTful APIs, JWT
Authentication, bcrypt.js

Database: MongoDB, MongoDB
Compass, Mongoose

Cloud & Media: Cloudinary, Multer
(file uploads)

Tools & Platforms: Git, GitHub,
Postman, VS Code, Figma

Concepts: SPA (Single Page
Applications), Component-Based
Architecture, Responsive Design,
DOM Manipulation, UI/UX, MVC
Pattern

Workflow: Agile Methodology,
Version Control (Git)

Coding Profiles

LeetCode: 120+ Problems

HackerRank: 150+ Problems

Projects

- **Weather App:** Built a responsive Single Page Application using **React.js** for the frontend. Integrated **OpenWeatherMap API** to fetch real-time weather data. Used **Axios** for async API requests and implemented error handling, loading states, and responsive design with **Tailwind CSS**. [GitHub](#)
- **Restaurant Website:** Developed a full-featured web application using **React.js** (frontend), **Node.js** and **Express.js** (backend), and **MongoDB** for storing menu and user contact data. Built RESTful APIs for form handling, and styled UI with **Bootstrap** and custom CSS. [GitHub](#)
- **Library Management System:** Created a full-stack application using **React** (frontend), **Node.js** and **Express** (backend), and **MongoDB** for data persistence. Implemented features like book CRUD operations, student management, and authentication using **JWT** and **bcrypt**. [GitHub](#)

Education

B.E. in Computer Science & Engineering

Chandigarh University, Punjab

Jul 2023 – Jul 2027 | CGPA: 7.77

Certifications

- MERN STACK Developer – CodeHelp
- Angular & Blockchain – Infosys Springboard
- Responsive Web Design – freeCodeCamp
- JavaScript Algorithms – HackerRank

Soft Skills

- Team Collaboration
- Effective Communication
- Time Management
- Leadership
- Problem Solving

Extra-Curricular Activities

- **Leadership Role:** Led College Tech Club, organized hackathons
- **Hackathon:** 2nd place at Algoarena 2024 – AI recommendation engine
- **Volunteer Work:** Taught basic computing to underprivileged children

Awards & Recognition

- Winner – University Coding Competition 2024
- Best Certification Award – Library Management Project
